TKE ATTENDANCE POLICY

Timely attendance at work is crucial to making our business run smoothly. We are required to meet deadlines in order to satisfy our clients' demands and everyone is required to do their part in achieving this goal by adhering to a reasonable attendance record.

Absences

Employees are expected to be at work every day and to work a full work week (**40 hours**), except for authorized absences. Authorized absences include the following:

- Illness
- Pre-Scheduled medical/professional appointment
- A death in your family
- Jury Duty
- Time off to vote
- Military leave or emergency beyond your control

Authorized absence documentation

Documentation of authorized reasons for absence, such as sickness or jury duty, may be required and could be verified if necessary. Unexempt employees will not receive pay for authorized absences, however, exempt employees will receive pay for medical-related authorized absences. If needed, employees can choose to use a vacation day.

Punctuality Requirements

Employees are expected to be on time. TKE takes into account each employee's individual need for travel time, children, etc. For this reason, Flex Time is offered. Employees are expected to be present for 40 required hours; a heavy workload may require additional hours. Employees are allowed to arrive anytime between 7:30 am and 8:00 am, however any starting time prior to 7:30 am is to be approved by the appropriate Project Manager. A fixed starting time is to be approved and employees are expected to stay at least until 4:30pm with a lunch no shorter than 30 minutes and no longer than 1 hour. If reporting to work after 8:00 am, due to a problem, i.e., illness, sleeping in, car problem, traffic, appointment, etc., a call or e-mail to the following individuals is required:

- HR – 281-826-0622 / (Christine Chadwick's cell) 713-775-7610
- Director of Projects – (Joshua Chadwick's cell) 281-513-7645
- E-mail - tke_out@tke-engineering.com

Procedure

Excessive tardiness and frequently leaving work early hinders teamwork among employees and will be considered cause for corrective action.

In the event that you are unable to work, please notify one of the appropriate supervisors no later than your regular starting time. Advance notice of any upcoming absence is helpful and greatly appreciated. It allows supervisors to ensure that your responsibilities are handled while you are out.

Failure to notify a supervisor of an absence lasting three or more consecutive workdays will be treated as a voluntary resignation and result in removal from the payroll.
